

Die-Cast Aluminium Enclosed Switchgear

CDPD213

Issue 1

Product Introduction

Craig & Derricott has been at the forefront of switchgear design and manufacture for more than 70 years, and in that time the requirements of the installer & end user have always been paramount in the design concept.

The die-cast aluminium enclosure units can be placed in environments where resistance to impacts, moisture and dust/dirt are a concern.

Product Features

- Available 20A to 80A.
- Supplied in IP65/IP66 die-cast aluminium enclosures.
- Both switch disconnectors and changeovers are available.
- Fully tested and certified to BS EN 60947-3.
- All units feature have the ability to be padlocked in the OFF position.
- The option to add a selection of auxiliary blocks providing additional contacts and a choice of Neutral assemblies increases the flexibility of the product range.
