

Belonging to the Addtech Group of companies, **Craig & Derricott Ltd** is a successful design and manufacturing company, selling and providing Low Voltage Switchgear and control solutions to many customers around the world for more than 70 years and are certified to ISO9001.

We take pride in the delivery of great Customer Service along with our well-established reputation for reliability and quality.

We are committed to the effective operation of the business ensuring an ongoing capability to meet the needs and expectations of our Customers.

We are continuously seeking opportunities to improve the Quality Management System along with the products and services that we provide. Measurable objectives, context of the organisation and strategic direction will be set and monitored during management review and reviewed for suitability along with the Quality Policy to ensure we retain this focus and commitment to our Customers.

We are committed to satisfying all relevant statutory, legal and other requirements related to the manufacture and sale of its products.

The Managing Director has overall responsibility for ensuring that all personnel in the Company are fully aware of the Company's 'Quality Policy', their individual quality objectives, responsibilities and commitment to ISO 9001:2015.
